

THE SOLUTION NETWORK AUSTRALIA

## The Great Corporate Race is back on 'TRAC'.

The Solution Network Australia is proud to announce a new partnership with **TRAC Consulting** to take The Great Corporate Race to a new level.

It was evident that the race is **HUGE** and demanded so much more than we could give.

The Solution Network Australia and its supporters are committed to helping **25,000 young people** who have to "sleep rough" each night in Australia and especially the **1,200 girls** who are in desperate need of safe accommodation on the Sunshine Coast alone each year.

However, we can no longer depend on Government Funding to keep our welfare services afloat... we must become proactive and lateral in our approaches. The Great Corporate Race is one of these proactive approaches.

Now... about our partner...

TRAC Consulting, a devoted boutique style Training and Business Consultancy firm located at Mooloolah Valley on the Sunshine Coast, recently enjoyed success as a finalist at the 2006 Tourism Awards, where it entered Category 17 of Tourism Education and Training. TRAC were rewarded for their tremendous effort and contribution to the tourism and hospitality training industry by being recognised as a category finalist.

TRAC's reputation in providing innovative learning solutions and conferences to the Corporate Sector was the "perfect fit" in the eyes of The Solution Networks Australia's Board of Directors. TRAC's commitment to facilitating community programs and their passion and enthusiasm in making a difference, makes them the ideal partner in facilitating this great community initiative.

TRAC Directors Mark & Jeanette Jones see the Great Corporate Race as an opportunity for organisations to improve their communication, realise more effective decision making, enhance their goal setting and completion of projects, and to improve leadership skills and their capacity to work effectively in teams. The Jones's say that the real benefit though comes from an increased awareness of Corporate Social Responsibility and a commitment of workplaces to support those in need from within their communities.

For more information please visit [www.tracc.com.au](http://www.tracc.com.au).

We will be holding a breakfast for all of The Great Corporate Race supporters to brief you fully about the next exciting step for this incredible project... a project that showcases the Sunshine Coast and helps our most desperate and alone kids.

Speak to you soon.
